Raise Scott's Bail Money

Statesville Community Lock-up nabbed Universal Remodeling & Handyman Services, LLC (URHS) owner, Scott Sharpe. The Lock-up is the Muscular Dystrophy Association's leading fundraising driver. Across the country at various times during the year, leaders in business and communities participate in lock-up events to be "put behind bars for good." Universal's jailbird has raised \$699.00 toward his bail and was let out for good behavior. Help him now to reach his bail before time runs out in a few weeks.

All funds raised by the MDA Lock-Up support the Association in providing lifesaving research, a network of nationwide medical clinics and make available summer camp experiences to individuals and families affected by neuromuscular diseases. I hope it never happens to someone close to you so thank you for helping us find a cure to this dreaded disease.

[Link to Contribute to Scott's Bail by donating to MDA](#)

Left, Scott Sharpe is behind bars for good. A warrant was issued for his arrest as one of the area's "Most Wanted." Caution: Heavily armed with kindness... Highly contagious

Realtor Care Day at Barium Springs

URHS thanks Charlotte Regional Realtor® Association for coordinating over 35 local realtors to help complete the Barium Springs project. In less than 7 hours, the team of realtors with the entire URHS crew painted approximately 10,000 sq. ft. with 25 gallons of paint. This is Universal's third year volunteering as project managers and volunteers to complete Realtor Care Day projects in the community. In the past years, URHS completed exterior make-overs for homes in Statesville and Troutman.

Top Left then clockwise: 1- Scott Sharpe, Tim Bocook, and Mike Jester operated the power roller. 2 – Scott refilled paint. 3 – Realtors ready to start a hard day's work. 4 - Scott operated the power roller again. 5 – Scott prepped paint. 6- Austin Sharpe cut-in trim work. 7 – Brandon painted the exterior. 8 – John Humbert painted walls. 9 – Scott and Mike refilled the paint again. **Center** – Scott Sharpe instructed realtor volunteers on the day's activities.

Giving Back

Leadership Statesville

Join us in congratulating Mike Jester for graduating from Leadership Statesville. The Class of 2013 will be honored on May 23. We are proud of Mike's accomplishments especially his project at The Children's Homes of Iredell County Home.

What's happening?

We've been busy doing all sorts of things so far in 2013:

- Inspection report repairs for local realtors
- Repair termite damage at local manufacturing facility
- Rebuild a custom gate
- Pressure washing driveways, walkways, patios, etc.
- Sheetrock and prep rooms for lots of painting:
 - Kitchens
 - Living rooms
 - Bathrooms
 - Doors and Trim
 - Etc...
- Full bathroom remodel with custom tile work
- Privacy fence and a split rail fence
- Repair wood rot

Got low water pressure?

Faucet heads are prone to getting clogged with buildup and can lead to low water pressure. Remember to clean faucet heads often to maintain proper water flow. Most faucet heads are hand tight and can be easily unscrewed by using your hand. Clean thoroughly then re-install the faucet head just hand tight. If needed, use pliers to tighten a little more but remember to use a rag to protect the faucet head from scrapes.

Don't forget to check all sink faucets and the washing machine connections. If you need any help or advice with periodic maintenance, call Universal.
